BENNETT ANNOUNCES FINAL PAYMENT OF \$2.4 MILLION FOR NEW TRANSIT CENTER IN PARK CITY

WASHINGTON, D.C.-- In preparation for the Grand Opening of Park City's Old Town Transit Center on Friday, March 23, Senator Bob Bennett (R-Utah), is pleased to announce today the delivery of \$2.4 million to fund the completion of the center.

"This facility is key to the successful movement of spectators in and out of the Park City area during the Olympic Games," said Bennett. "The new bus hub will address Park City's future transportation needs, while also keeping with its rustic architecture and style."

As a member of the Senate Appropriation's Subcommittee on Transportation, Senator Bennett was able to secure federal funding to assist with the development of Park City's intermodal transit center. The \$2.4 million appropriation, from the U.S. Department of Transportation, will reimburse the city for local funds used to complete the center, which accommodates 1.2 million passengers annually and supplies Park City with a hub for its 17-bus fleet.
